

MANUMED TILT

A specially designed tilting table for moving patients steplessly from horizontal to vertical, between 0 and 90°. The ideal couch for neuromotor treatments, among others. Children can also be treated safely and without problems.

The Tilt comes as a 1-section or as a 2-section couch.

- Tilts from 0 to 90°
- Suitable for children
- Electrical height adjustment
- Large wheels for safe movement

MANUMED COLOURS

A matching Enraf-Nonius couch for every interior. As in other practices, a pleasant ambience is important in physiotherapy practices. Clients must feel comfortable in the room where they are being treated. As each practice is furnished differently and has its own colour scheme, we regard it as important for the treatment couches to fit in with your look and feel. That is why we can manufacture our treatment couches in several frame and upholstery colours. Our imitation leather upholstery contains no phthalates and is flame retardant – a unique combination that makes this material suitable for medical use!
